Wondering how to pronounce French words? You can use the Usborne Books web site to hear recordings of French vocabulary. Here's how:

1. Go to the www.usborne-quicklinks.com web site.
2. Select USA as the country.
3. Enter French Picture Dictionary as the keyword in the Find Book box.
4. Select the range of words containing the English word for the French word you would like to hear. For example, for "Hello", scroll down and click on the link entitled "hat to honey (pages 36-37)". Then click on the link entitled "hello - bonjour". You should hear a nice lady say "bonjour".
